Snow .- The oldest inhabitant in this region fails to call to mind any winter in which so much snow fell in this latitude as the present. Committees, the result of which is, many
find satisfaction in Christ, some of whom
have risen up to call it blessed. Articles
to Clothing, £c., have been freely and
generously bestowed. Where so many
have responded it would be impossible to
be personal. The Wheeling Bible Socie

Street, Centre Wheeling, was kicked on the right side of the head by a horse, and was injured very severely. The horse was not shod or the boy would probably have been killed outright. He was unconscious several hours, but last evening as we were informed by his attending physician, he had rallied slightly. What the result will be cannot now be predicted with any certainty.

PRESIDENT OF THE SECOND BRANCH. Those of our readers who were at the trouble to glance at the report in yesterday morning's INTELLIGENCER of Saturday's meeting of Council, must have noticed that the Second Branch selected Dr. Logan for its President during the ensuing two years. We feel confident that the public generally, will regard this as a wise selection, and will take it as an omen of a better state of things in the future. The Second Branch did itself honor in choosing one so well qualified in every respect to preside over its delib-

Nor RETURNED.-It appears the information on which we wrote a paragraph a few mornings since about the re-turn of Mr. Ed. S. Dillon, was not strictly correct. There is no discount on the prairie chicken part of the story, however, as we have already tested their quality, and found them first-class. We were told yesterday, that Mr. D. did not birds mentioned to be distributed among acquaintances and friends. Our former statement, as to Mr. D.'s getting back, was made precisely as given us. We regret to hear that the squib annoyed some of his relatives.

The jokes, songs wholesale grocers. The Durfee will not get away for Pittsburgh until late this elicited hearty and frequent applause.

POLICE COURT.-If there had not been that no better band ever paraded through a case continued at Saturday morning's the streets of our city than the one consession of the police court, the docket would have been blank, yesterday morning. The only one appearing on its pages attracted universal attention and were not disposed of was that of George W. To speak of the discouragements and difficulties apprehended and experienced in the infancy of its growth, would be but the recital of months of rigid persever-ance, clouded with perplexities, but crowded with light—the concurrent in-fluence of Divine Grace. With an initial number of ten members, our Society has reasonably increased to sixty-five. Death has removed from us three of has reasonably increased to sixty-rive. One of the branches which the Society has sent forth is the "Mission Sunday School," organizad during the past year under the successful Superintendency of Mr. A. M. Adams. The number of scholars present on day of organization was twenty-three (23); average number in regular attendance, about fifty (50); number enrolled 75; average collection per month enrolled 75; average collection per month \$400. One happy feature of its growth, was a pic nic beid during the month of June, which bound the hearts of the children more firmly to their benefactors.
The school is now permanently located, but is deficient in its corps of teachers; without this the school cannot succeed. Financially it is self supporting, and is becoming more and more a necessary auxiliary of the Mission. The Visiting Committees report 100 families visited, of whom 97 have been temporarily assisted. Prayer meetings are held by the visiting committees, the result of which is, many
